### AMERICA 2008

Eddie Cloer, a long time effective teacher of Bible at Harding University and a very capable preacher of the gospel, has a dream for world evangelism. You might be thinking, "Well, we all have this dream." Of course we do, but Eddie has a specific plan for saturating the entire world with the gospel within ten years...including America. Most any plan will work if we work the plan, but no plan will work if it is put on paper and left there.

Here is Eddie's plan, which he is encouraging churches throughout our nation to use for world evangelism. This plan is not intended to diminish any other plan for evangelism, but it is specific and deserves a hearing. Beginning in communities across America, brethren are asked to designate people they know and areas where they live to be the recipients of materials, hand delivered, that will find interested individuals with whom to share the gospel. The materials are non-threatening to the recipients & will be a gift from those who distribute them to those who receive them. Some will be interested in follow-up. Each congregation will follow up with those interested in personal Bible study in order to make this effort as effective as possible. The materials will center on the Cross of Christ and the other positives about this approach are: the time is right; the message is right; the method is right; the goal is realistic to reach 7,000,000 new prospects; the cost minimal and we have everything to gain by engaging in this campaign. We will be sharing much more about America – 2008 in the near future. Stay tuned...and be involved.

I know not by what methods  
rare,  
But this I know: God answers  
prayer.  
I know not if the blessing  
sought  
Will come in just the  
quise I thought.  
I leave my prayer to  
Him alone  
Whose will is wiser than  
my own.
