“Sodium PLUS”

The “Plus” drinks are flying off market shelves. These flavored drinks are enriched with vitamins, caffeine, or other desirable additives that promise greater benefit to the consumer than other beverages. Sometimes combined elements are more appealing than individual elements, and thus are more beneficial. Notice how this is true both physically and spiritually.

Sodium is an extremely active element found naturally only in combined form; it always links itself to another element. Chlorine, on the other hand, is the poisonous gas that gives bleach its offensive odor. When sodium and chlorine are combined, the result is sodium chloride – common table salt – a substance that preserves meat and enhances flavor.

Love and truth can be like sodium and chloride. Love without truth is flighty, sometimes blind, willing to combine with various doctrines of men. On the other hand, truth by itself can be offensive. Spoken without love, it can turn people away from the gospel.

When faith and love are combined in an individual or a church, however, then we have what Jesus called *the salt of the earth*, and we are able to preserve and bring out the beauty of our faith.

Speaking of the benefits, we must always remember to, *“Test all things; hold fast what is good.”* (1 Thessalonians 5:21)

-Mike
